

Have fun with your child while they learn!

The Genesis Programme are delighted to offer The ParentChild+ Programme to a limited number of families **in the Dunleer / mid-Louth area of Co. Louth.**

The ParentChild+ Programme is 'learning through play experience' for parents and their preschool children. The programme encourages the parent as the child's first and best teacher.

The programme develops children's academic skills such as colours, shapes, numbers etc. The programme develops children's social skills, like turn taking and sharing. The programme also helps children language development.

All done in a fun way through play.

- ❖ Aimed at children from 18 months to 36 months.
- ❖ The programme is provided at no cost to families and runs during the school academic year.
- ❖ Free books/toys are gifted to families to enable them to continue activities at home at their own pace.
- ❖ A Home Visitor calls to the home (garden visit, video calls) twice weekly for 30 minutes.
